

Hanlons Brewery

All of our beers are lovingly brewed on site by our family team. Our brewery shop is now open for business.

We have 36 pint bag in boxes available to purchase that don't need to settle - these are ready to drink straight away. We also have a range of bottles and cans including Yellow Hammer, Firefly, Stormstay, Citra IPA, Port Stout & Crystal Clear Lager, plus a range of our Hanlons merchandise.

We have an online shop available to the public as well as a trade area for our pubs and hotels.

There is so much going on at Hanlons Brewery today. Still producing the best ales found in many of your favourite pubs, you can also visit the brewery to buy products, have a delicious Friday night meal or book your next party or event.
